

LETTER OF RECOMMENDATION

Date: 20/06/2026

I am writing this letter in support of **Mr. PRATYAKSH GUPTA**, who has been an intern with the Jet Aerospace Drone Manufacturing Hub from **15/06/2026 to 20/06/2026**. During this period of time, he was found to be enthusiastic, reliable and creative.

He has an inquisitive mind and good interpretation abilities that will greatly facilitate research work at your university. An intelligent and hardworking student and he have a natural inclination for research. This inclination stems from his curious bent of mind and a nature of questioning.

He has completed the Research Project given by the institute with the highest level of precision. Also, he has sound knowledge in **3D Printing & Design, Additive Manufacturing Technology**. As he has already been an active part of a technical team in the relevant field in his university over a year, his technical skills are on point and faultless. He has successfully completed his industrial training on **3D Printing & Design, Additive Manufacturing Technology**.

He is persistent in his efforts ~~to~~ keep up his knowledge with the latest technologies and an industrious student with pleasant personality.

In my unbiased opinion, **Mr. PRATYAKSH GUPTA** has a rich blend of creativity and discipline required for a person desiring the best career in Higher Studies. Therefore, I strongly recommend him for Higher Studies in your esteemed University.

Best Regards,

Dr. Balakannan Jayachandran

Chairman & Managing Director - Jet Aerospace.

Director General – Aeronautical Sector Skill Council (ASSC), India.
